SOUND MONEY GOSPEL.

FIVE SPECIAL TRAINS SPREADING IT FAR AND WIDE.

STARTED OUT FROM ST. LOUIS.

EACH TRAIN LOADED WITH SPEAKERS AND LITERATURE.

One Each on the "Katy," Missouri Pacific, Frisco, Wabash and Burlington-Frisco and "Katy" Trains Will Run Over Into Kansas.

St. Louis, Mo., Oct. 28.—(Special.) At 9:15 o'clock this morning, the first of five special trains which will spend the next four days in doing missionary work for the cause of McKinley and honest money, pulled out of the Union station shed, with thirty shouting, enthusiastic speakers and workers on board. This train should have left at 8 o'clock, but Mr. J. C. Davidson, of Chicago, the gentleman who had charge of the arrangements, did not have all the details perfected at that hour. The train consisted of engine, baggage car, passenger car and vestibule sleeper, Elpis. The engine—the number of which is 13, proving that nobody on that train was superstitious—was gaudily decorated with American flags. The train is in charge of Conductor H. H. Knop, with Engineer "Pinky" Collins in the cab, and every arrangement has been made for fast runs, independent of all other trains. The baggage car is well loaded with fresh Republican literature, the quantity being estimated at four tons. The principal speaker on the Missouri, Kansas & Texas special is Mr. G. A. Hyer, of Chicago. This train will be joined by other prominent speakers en route, however, and there will be no dearth of oratory. Each of the thirty commercial travelers with the train is prepared to say a word, or several of them if necessary, if called upon; but the principal thing they will do will be to distribute the literature and do other work among the crowds that greet the train.

The next train to leave was the one over the Wabash, which pulled out about 10 o'clock. It was followed, half an hour later, by the Frisco train, which in turn was followed by the Burlington train. The last to leave was the train over the Missouri Pacific. It was early noon when this train pulled out. The composition of each train was the same, and each carried about thirty passengers and a carload of campaign literature. The itinerary of the Frisco special takes in the towns of Fair, James, Lebo, Springdale, Ozark, Pierce City, Carthage, Webb City and Joplin, Mo., and Galena, Weir City, Neodesha, Wichita, Ellsworth, Arkansas City and Anthony, Kan. Among the prominent speakers and workers on this train are G. H. Rautenberg, who bears the title of captain, and Messrs. W. T. Hancock, John A. Warren, C. H. Rowley, C. E. Greene, L. M. Combs and E. C. Gordon.

The Missouri Pacific train has on board a mascot. This mascot is little Miss Wheeler, or, as she gives her name, "Maude Helen Wheeler." She is the daughter of Sam J. Wheeler, one of the speakers on this train. She is a cute little girl of 5, and is an enthusiastic supporter of "McKinley and honest money." This train will go into Kansas as far as Leavenworth. It is expected that it will return on Monday.

The gentlemen who left over the Burlington are mostly from Chicago, and the "passenger list" includes the names of G. H. Greene, Walter Haskell, C. E. Ferguson, L. F. Collins, W. T. Monroe, J. B. Rifford, J. H. Winslow, D. S. Price and J. W. Stewart. Mr. Robert F. Palmer is also aboard as chief of the editorial staff.

HOWLED DOWN BY BRYANITES.

Free Silver Hoodlums Interfere With Sound Money Speaking at Mexico, Mo.

Mexico, Mo., Oct. 28.—(Special.) One of the five special sound money trains which started out from St. Louis this morning came through this section on the Wabash this afternoon. The leading speakers on the train were Rev. John Snyder, the preacher and writer of St. Louis, and Hon. Percy Nolan, also of St. Louis. When the train reached this city, it found a tremendous crowd awaiting it at the depot. Mr. Nolan appeared at the rear end and began to speak. The silver men howled and disturbed the orator, until he was forced to give up the attempt to speak. Then Mr.

"I AM NOT A DEMOCRAT."

On March 17, 1896, Bryan lectured in Mount Vernon, Ill., on "Bimetallism," at the invitation of some of the Democratic politicians of that place. "To their surprise," says a dispatch to the Cincinnati Commercial Tribune, "he took occasion to say that he was not a Democrat. He announced his intention to be at the Chicago convention, and said that his support of the nominees of that convention was contingent upon its adopting a free silver coinage platform, and 'no power in heaven or hell,' he said, 'could induce him to vote for that nominee on other than a free silver platform.'"

Snyder tried to talk and finally succeeded in getting in a few words, mostly about President Cleveland. He honored them by way he had taken his pledge to his party, and wound up by appealing to his hearers to put patriotism above party this year and vote for McKinley. At Monticello, near this city, the speakers were not allowed to talk at all, and were refused the privilege of distributing their sound money literature.

"KATY" TRAIN AT SEDALIA.

More Than 1,000 Persons Greet the Sound Money Missionaries, Despite Short Notice.

Sedalia, Mo., Oct. 28.—(Special.) The sound money expedition that left St. Louis this morning over the Missouri, Kansas & Texas railway, arrived here at 5:30 o'clock this afternoon. Although only an hour's notice was given, more than 1,000 people were at the depot, and the visitors were given a rousing reception. Mayor Haslam introduced Mr. Hyer, of Chicago, who spoke twenty minutes, and was accorded a grand ovation. He began by saying that he was a plain, everyday business man of Chicago, and belonged to McKinley Club No. 1, of that city, which had 8,000 marching members. He paid a warm tribute to the sound money Democrats of Chicago, who, he said, were working hand in hand with sound money Republicans, which meant that Bryan would lose Illinois by not less than 125,000. At the conclusion of his address, the train pulled out for Parsons, Kas., and intermediate points.

ST. JOSEPH SOUND MONEY RALLY.

Preparations Made for a Grand Demonstration To-night.

St. Joseph, Mo., Oct. 28.—(Special.) The final arrangements for the great sound money demonstration in St. Joseph to-morrow night were completed this evening at a meeting of all the committees at the Commercial Club. Everything is in readiness for the parade. The three meetings at the evening immediately following the

SOUND MONEY CAMPAIGN.

Many Well Attended Meetings Were Held in Kansas City Yesterday and Last Night.

One of the best meetings yet held at sound money headquarters, 102 West Ninth street, was held yesterday at noon. Richard Gentry, a lifelong Democrat and ex-Confederate soldier, presided and made a stirring speech, in which he declared that this was a time when patriotism should be placed above party and that for the preservation of the Union all should stand together, regardless of political affiliations in the past.

Major Warner made the principal speech of the meeting and his address was declared by all to have been one of the best he has delivered during the campaign. He made an unanswerable argument against the free coinage of silver and vigorously denounced the anarchistic Chicago platform. The speech was repeatedly interrupted by applause.

Major Warner entered upon the financial history of the country and showed that the present system was the only one that ever kept silver and gold circulating side by side at a parity. He declared that the trouble was not with the money nor with the amount of money, but that a lack of confidence kept the idle money in the banks from being invested. He declared that any person who unsettled business was hostile to the interests of all classes of citizens and particularly to the laboring man.

Dr. R. I. Pearson, a lifelong Democrat, made a short but convincing speech against anarchy and regulation and in favor of national honor and sound money.

The Sound Money League has now a membership of 17,300 and will reach 18,000 without the slightest doubt. The league has arranged for a series of stereopticon views, beginning with to-night, to be thrown upon a canvas at the Junction. The views will be called "Silent Sound Money Talks" and will be given every night except Saturday and Sunday until election.

Sound money meetings were held yesterday at a number of places throughout the city.

At Eighth and Santa Fe streets Gardner Lathrop and L. C. Krauthoff addressed an excellent audience.

At the Wabash yards a large crowd was addressed by Thomas R. Morrow, Charles E. Small and J. W. Gillespie.

At the Wabash yards another large body of railroad men were addressed by C. S. Palmer, Robert Gillham and Colonel D. S. Twichell.

At 11 o'clock D. B. Holmes and J. H. Harkness addressed a good sized audience of street railway men at the car house at Third and Main streets, and at 4 o'clock in the afternoon the same gentlemen addressed another meeting of street railway men at the power house at Eighth and Olive.

At Fowler's packing house an excellent audience of packing house employees was addressed by A. R. Strother, Harmon Bell, D. J. Haft and W. H. Brown.

The following meetings were held last night:

Tent at southeast corner Eighteenth and Highland; speakers, T. R. Morrow, C. E. Small, S. E. Swanson.

HANNA ON MISSOURI.

SAYS HE FEELS CONFIDENT OF MR. LEWIS' ELECTION.

NO DOUBT AS TO LEGISLATURE.

REPUBLICANS CERTAIN TO HAVE A MAJORITY.

Mr. Hanna Believes McKinley Has More Than an Even Chance to Carry the State—Refuses to Speculate as to Veto's Successor.

Chicago, Oct. 28.—(Special.) The national Republican committee is in close touch with the campaign in Missouri. The committee has such a close eye on the work in the state that they are in direct touch with the various county committees. This work, in addition to what is being done by the sound money element, forces the belief that a favorable return from the state may be expected next Tuesday night.

The main feature of the good reports come from the sound money Democrats. They seem to be doing most effective as well as energetic work. In no Western state will that element prove as potent on election day as in Missouri, judging from reports that pour in for basis of calculation.

Referring to Missouri, Chairman Hanna said to-night:

"From information we have received from nearly all the county chairmen in that state, we feel confident of electing the governor and a majority of the legislature and fully believe that we have more than an even chance of carrying the state for McKinley. The change of sentiment there is remarkable, and that state, which for a time leaned strongly toward Bryan, will very probably be found in the McKinley column election day. Of the result in the legislature we have no doubt. A Republican
